

Visual Arts Week 3 Task

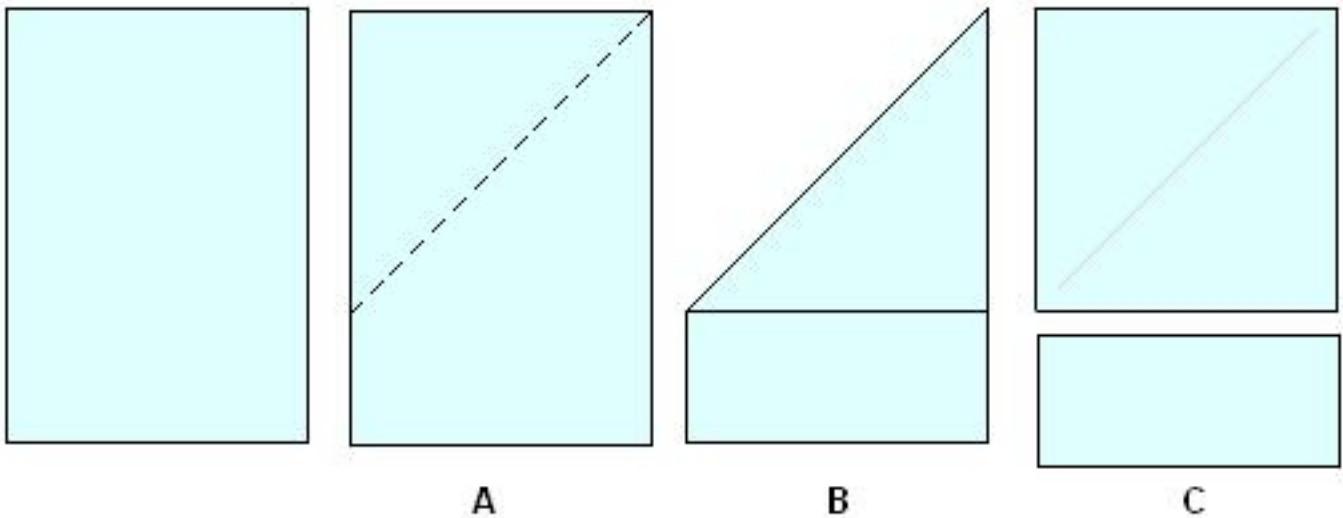

Cultural Artistic Forms

This week we are going to be looking at an artistic form from another country, ORIGAMI (YAY!). As per usual there will be some theory involved, but it will be basic. So lets get the theory out of the way now.

All you need to do is read through the attached 'Origami' information sheet and answer the questions at the end. Make your you submit this section to the right section of 'Classwork' in your Google Classroom.

*Yes I am aware that it is four pages of reading and I'm positive you will survive it.

First thing – Here is a quick diagram of how you can turn an A4 piece of paper into a square. I suggest you make a few at once.

Instructions

- Go to one of the following websites or refer to the PDF provided.
- <https://origami.me/diagrams/>
- <https://www.origamiway.com/>
- [http://paper-life.ru/images/origami-book/genuine-origami/Genuine Origami - Jun Maekawa.pdf](http://paper-life.ru/images/origami-book/genuine-origami/Genuine%20Origami%20-%20Jun%20Maekawa.pdf)
- <https://www.origami-fun.com/printable-origami.html>
- <https://csea.fyc-vidin.org/materials/Origami-near%20300%20project.pdf>
- Follow the list of what you are going to build below. Make sure you take photos of them to submit to the Google Classroom.
 - o 2 X animals
 - o 2 X flowers
 - o 1 X boxes
 - o 1 X boat
 - o 2 X dinosaurs
 - o 2 X random things
- After you have built all of your required origami and take photos of them. You are then going to create a scene using as many of your origami as you can. Be creative with it, add a background or whatever else you like. See the images below for examples
- Remember to take a photo of your origami scene to submit to the Google Classroom.
